OK, I am glad that I am impossibly rich and if Covington actually fails; that said after tonight's Union Greivance ; if I was actually somehow a person who depends on the system working right; I think I would leave Covington post haste. Even the Commissioners who were appalled by Local 38 are ashamed of their vote. Even if we are behind a legal 8 ball it was worth the worst downside risk....losing another \$10,000 as a worse case to avoid losing another \$100,000 plus thousand a year for years on end to the a [REDACTED] Now that Local 38 has won; why should the FOP and ASCME who I've opposed but who have been I must admit, honest and real negotiators given the financial position of Covington anything but pissed off. My last words on the subject and yes I've been doing what I do BEST....drinking....F [REDACTED] LOCAL 38 AND THE SHIP THEY RODE IN ON. LONG LIVE COVINGTON FOP AND ASCME!!!!!!!!!!

Well that is terrible, You can say anything you choose too, but my children are on my friend's list and the thought of them seeing such nasty and vulgar word's is unsettling. Owning your word's doesn't make it right, that is just bad behavior, Hope you find peace, as I will say a prayer for you.

larry, I never got into this to be popular. Local 38 is going to pay for what happened tonight. They pissed on Covington and I'm here to see that they suffer for it.
